

A custom gate can be assembled from Cross Rails and Gothic Pickets or by shortening a gothic picket panel and using cross rails to add support on both ends and diagonally across the back of the gate.

GATE HARDWARE NEEDED

- 27 2-1/2" STAINLESS STEEL OR COMPOSITE DECK SCREWS
- 1 SET HEAVY DUTY GATE HINGES
- 1 HANDLE AND LATCH SET
- 1 90 DEGREE ANGLE BRACKET - 2-1/2" X 2-1/2" WITH SCREWS
